Subject: JoVE Applied Physics manuscript submission # 51067.

Dear Rachelle,

Please find our revision of the aforementioned manuscript. We (F. Bruno, N. Verrier, M. Atlan) are involved in the use of the method and that paper is not under consideration for publication in another journal.

Please note that the order of appearance of the authors should be:

"F. Bruno, N. Verrier, M. Atlan"

The "Representative results" section was expanded into two paragraphs. A "Table of Materials" was added, according to the template. Access type, should be "standard", as chosen by default. We suggest the following list of peer reviewers:

Pascal Picart pascal.picart@univ-lemans.fr

Jean-Pierre Monchalain jean-pierre.monchalain@cnrc-nrc.gc.ca

Bruno Pouet bpouet@bossanovatech.com

Todd W. Murray todd.murray@colorado.edu

Kimmo Kokkonen kimmo.kokkonen@aalto.fi

Christian Rembe c.rembe@polytec.de

Giancarlo Pedrini pedrini@ito.uni-stuttgart.de

A signed "Article and video License Agreement" form is enclosed to the submission. Original figure files were uploaded on the FTP site, as well as illustrative videos.
