

American Society of Plant Biologists

Cultivating a better future through plant biology research

October 2, 2014

To: Michael Wisniewski
Lead Scientist
USDA-ARS
Appalachian Fruit Research Station
Kearneysville, WV 25430

From: Diane McCauley, Publications Assistant ASPB

Re: Permission Request

ASPB allows authors to reuse their content for any purpose without written permission. Reproductions must bear the full citation and the following notice: "Copyright American Society of Plant Biologists."

Permission is granted, without fee, for the following:

Journal Name: Plant Physiology

Year: 1997

Volume: 113

Authors: Wisniewski, M., Lindow, S. E., and Ashworth, E. N.

Article: Observations of Ice Nucleation and Propagation in Plants Using Infrared Video Thermography

Page numbers: 327-334

Figure numbers: 3 and 4

Description of use: To include in a technique paper that I am writing for the Journal of Visualized Experiments (JoVE)

Regards,

Diane McCauley
Publications Assistant, ASPB
