Dear Emma,

I am the first author of the original figure. So I don't need to apply for permissions to re-use one of the figure to publish in JoVE journal. Please kindly correct me if I am wrong.

Dear Shiang,

Are you the author of the original figure? If you are the author please read the following author's permission document as you may not need to make a request: <http://www.lww.com/openems/openems/web/PEMR/PDFs/docs/authorsPermissionDoc.pdf>

If you do wish to make a permission request, the requestor type depends on who will be reusing the content and in what context. If you want to publish your work in a journal, please select "publisher".

Please do not hesitate if you have any further questions.

Kind regards,

To Whom It May Concern,

I would like to request permission to reuse a figure from my previous publication at the Journal of Cardiovascular Pharmacology "Growing Vascularised Heart Tissue From Stem Cells" Jan 1, 2013 (Wolters Kluwer Health, Inc.). The figure will be used to in a publication at the Journal of Visualized Experiments (JoVE).

While on the RightsLink site, I am not sure which of the "Requestor Type" should I select. Please kindly advise.
