Dear JOVE Editor,

Please, find enclosed our revised manuscript entitled “**Phenotypic Analysis of Rodent Malaria Parasite Asexual and Sexual Blood Stages and Mosquito Stages.**” for publication consideration in JOVE. In the revised manuscript, we fully addressed all concerns of the scientific review editor, which were provided to us as comments in the manuscript file, as replies to the same comments in the same manuscript file. We tracked all changes in the manuscript and we highlighted the sections that we wish to be filmed.

We hope to hear a positive response from you soon.

Sincerely,
Ahmed Aly (on behalf of all the authors)
