

Dear Dr. David,

You own the copyright to the figures, so you may reuse them. We only ask that you credit the original manuscript when you use them.

Thanks,

Andrew Ferrell

Subject: question about reusing material

Dear Cell Reports editor,

I would like to reuse some figures from a recent article that we published with you ([http://www.cell.com/cell-reports/fulltext/S2211-1247\(16\)31723-5](http://www.cell.com/cell-reports/fulltext/S2211-1247(16)31723-5)).

We have submitted a manuscript to JoVE (<https://www.jove.com/>) and we plan to reuse Figure panels 1E and 5A as well as Supplementary Figure panel 1C.

JoVE asks us to get your explicit permission to re-use the figures. Would it be possible to confirm in a reply email that you give us this permission?

Thank you in advance for your help.

kind regards.

Della David
