

BRILL

Leiden, 9/12/18

Dear Jaennette,

Hereby Koninklijke Brill N.V. grants you permission to reprint Figure 1 (Experimental apparatus) which originally appeared in *Visual–Somatosensory Integration is Linked to Physical Activity Level in Older Adults*, Mahoney, Jeannette R. and Dumas, Kristina and Holtzer, Roee, *Multisensory Research*, 28, 11-29 (2015) for reuse in upcoming journal article, free of charge. Based on the assumption that the text will be typeset anew and with proper reference.

Yours sincerely,

BRILL
