12 March 2019

Dear Dr. Adam Stone on Behalf of MyJoVE Corporation,

**Material Requested: Figures 2 through 4 in
Adam Stone, Laura-Ann Petitto & Rain Bosworth (2018)
Visual Sonority Modulates Infants' Attraction to Sign Language
Language Learning and Development, 14 (2): 130-148.
DOI: [10.1080/15475441.2017.1404468](https://doi.org/10.1080/15475441.2017.1404468)**

Thank you for your email requesting permission to reproduce your above material in your forthcoming article in *Journal of Visualized Experiments (JoVE)* to be published by MyJoVE Corporation.

As you are the author of the above article, and the main author & editor of the forthcoming publication, we will be pleased to grant non-exclusive world rights in all languages for **print and eBook** usage without charge. On the condition that you include a full acknowledgement to the original source of publication and insert a reference to the Journal's web site: <https://www.tandfonline.com/>

Permission must be sought for any further use.

You will also need to obtain permission from any co-authors of this article.

This permission does not cover any third party copyrighted work which may appear in the material requested.

This licence does not cover Taylor & Francis content being republished in a custom publishing programme or database or any individual chapters' sales.

This licence does not allow the use of the Publishers version/PDF (this is the version of record that is published on the publisher's website) to be posted online.

Thank you for your interest in our Journal.

Sincerely,

Mary Ann Muller

Permissions Coordinator
