DEAR XIAOYAN CAO,

with the upload you will find the text document revised according to the comments.

The modified high-resolution video is uploaded on the dropbox path  
(<https://www.dropbox.com/request/WSWLHEYlLhbghgohyOXw>) as specified in your letter as  
file „revised2\_60140\_R1\_RE-video\_20190730.mp4“.

We revised the revised manuscript and the video according to all comments (1-5).

In addition to correcting the title section card (beginning/end), stating the names and affiliations of the persons interviewed in the video, we went through the whole video and text again and tried to reduce the differences between the narrated and written information as much as possible (see all the changes and annotations in the manuscript).

The manuscript is uploaded as file „revised2\_60140\_R1\_RE\_20190730.docx“ with all the modifications visible as tracked changes.

We thank you, the editorial and production team and the reviewers for their input to improve the manuscript and hope that manuscript and video are now suitable for publication.

With regards,

Christian Ostertag-Henning & the other authors.
