Cover Letter

Dear Dr. Bajaj,

Thank you for your comments and for giving us an extension to the resubmission deadline. We have streamlined the protocol section, refocused the representative results and edited the figure/video legends as you advised.

Please find the updated version of the manuscript entitled "Clonal genetic tracing using the Confetti mouse to study mineralized tissues", a "Rebuttal letter" attached, and new versions of "Figure 1" and "Supplementary File 1".

Thank you once again,

Best wishes,

Phillip Newton, of behalf of all authors

A handwritten signature in blue ink, appearing to be "P. Newton".
