Open Access Policy

Cellular Physiology and Biochemistry is an Open Access journal. All published articles are instantly accessible and available free of charge to readers and their institutions. Articles are also free to download, copy, distribute, print, search, or link to the full texts provided the terms of the Open Access license are followed.

Open Access Licenses & Copyright

Articles published in Cellular Physiology and Biochemistry are usually licensed under the Creative Commons Attribution-NonCommercial-NoDerivatives 4.0 International license (CC BY-NC-ND).

The copyright of the article is retained by the authors. The authors grant Cellular Physiology and Biochemistry an exclusive unlimited license to publish the article under a Creative Commons license and identify Cell Physiol Biochem Press GmbH Co KG as the original publisher. Submission of a manuscript for publication implies the authors' consent to publication under the applicable Creative Commons license and the terms and conditions of the Publisher's Licensing Agreement.

Article Processing Charges

To cover all our costs for proceeding an article publication we charge a fee of € 1500,- (excluding 19% VAT) per article. This includes color illustrations, review process, copyediting, publication to make it accessible worldwide (no further charges will apply for readers) and archiving.
