Review Editor
Journal of Visualized Experiments

Dear Dr. Vineeta Bajaj,

Thank you for the thorough review of our manuscript (Ms. No. JoVE60751R1) entitled “**Assessment of memory function in pilocarpine-induced epileptic mice**” for publication in *Journal of Visualized Experiments*.

We have given careful consideration to your suggestions and have revised our manuscript accordingly including the revised manuscript with track changes. We hope we have satisfied the Reviewers' concerns and look forward to hearing your decision.

We would like to ask you a favor that the peer-review process can be completed by Nov. 15th or sooner if it's possible. We hope that you will now find our revised manuscript suitable for publication in *Journal of Visualized Experiments*. Thank you very much for your time and consideration.

Sincerely,

Kyung-Ok Cho
Associate Professor
