

Dear Author(s),

This document is for you to list any changes to the online text/PDF of your article. Please be aware that our policy is to do a single complimentary revision, so it is critical that all participants in this project offer their comments collectively. In addition, please make sure that your comments are easily interpreted and transparent.

Have fun!

Protocol Name: Detection of Vascular Pathways of Oral Mucosa Influencing Soft- and Hard Tissue Surgeries by Latex Milk Injection.

Date: May 2, 2020

Online Text/PDF Protocol

Please use this table to address changes that need to be made to the online text/PDF document. Both the online text and PDF are generated from the HTML template of your article. Since the PDF is generated from the HTML by our conversion software, it may contain formatting errors. For major structural changes or more than 10 spelling or grammatical mistakes, we will require re-upload of the entire document.

	Protocol Step	Comment	Requested Change (highlight in bold)
1.	Protocol title	Protocol title says <i>"1. Latex milk injection together with the examination of the blood vessels in the oral mucosa (Figure 1 and Figure 2)."</i>	Please remove number "1" Please correct to: <i>"Latex milk injection together with the examination of the blood vessels in the oral mucosa (Figure 1 and Figure 2)."</i>
2	3	Step says <i>"Gently reveal the <u>common carotid arteries (CCAs)</u> using Nr. 15 surgical blades and block the end using serrated dressing forceps."</i>	The abbreviation of CCA is enough because the name mentioned in introduction. Please correct to: <i>"Gently reveal the CCAs using Nr. 15 surgical blades and block the end using serrated dressing forceps."</i>
3.	4	Step says <i>"After that, cannulate the CCAs or ECAs and superior sagittal sinus carefully with a metal catheter."</i>	Please remove " or ECAs " Please correct to: <i>"After that, cannulate the CCAs and superior sagittal sinus carefully with a metal catheter."</i>
4.	13	Step says (in the NOTE section) <i>"Finally, specimens should be dissected using 2.5x magnification loupes using Nr. 15C surgical blades."</i>	Please correct to: <i>"Finally, specimens are dissected by using 2.5x magnification loupes and Nr. 15C surgical blades."</i>
