Dear Dr. Jaydev Upponi,

We thank you for giving us the opportunity to submit a revised version of our manuscript entitled **"Isolation of tonsillar mononuclear cells to study ex vivo innate immune responses in a human mucosal lymphoid tissue"** by Smith et al. in your journal.

We have addressed the minor comments of reviewer 1 and hope it will improved the manuscript.

Sincerely yours,

Dr. Jean-Philippe Herbeuval,
Director of CBMIT CNRS
