COMMENTS:

I published a paper in In Vivo back in 2013 and would very much like to reproduce one of the images for a review paper. Would it be possible to obtain permission from you to do so? The specifics of this request are:

Chaffee BK and Allen MJ. A clinically relevant mouse model of canine osteosarcoma with spontaneous metastasis. In Vivo. 2013 Sep-Oct;27(5):599-603.

I would like to reproduce the radiograph from this paper.

Many thanks!

Matthew
