Many thanks for sending the permissions request below. Under the terms of our licence agreement authors of RSC publications do not have to formally request permission to reproduce figures from their RSC publication in another RSC publication, a non-RSC publication or on a website providing that the correct acknowledgement is included. Subject: copyright permissions question

Name: Trisha Westerhof

Message: Hi RSC, my colleagues and I were invited to submit a video protocol manuscript to JoVE based on our work published in a Lab on a Chip paper,

<https://pubs.rsc.org/en/content/articlelanding/2019/LC/C8LC01387J#!divAbstract>

We have re-created a figure that was included in our LoC paper for use in the JoVE paper. I would like confirmation if we do or do not need to request permission from RSC to re-publish this data, and if we do need to make a request, where is the form I need to complete?

Thank you
