Dear Hiro Katagiri,

RE. 4 figures (with modification) - Sayuri L Higashi, Kazuya Yagyu, Haruna Nagase, et al. Old but not obsolete: an enhanced high-speed immunoblot, *The Journal of Biochemistry* 2020;0(0):1–8 doi:10.1093/jb/mvaa016

Thank you for your email requesting permission to reuse all or part of your article in a new publication.

As part of your copyright agreement with Oxford University Press you have retained the right, after publication, to use all or part of the article and abstract, in the preparation of derivative works, extension of the article into a booklength work, in a thesis/dissertation, or in another works collection, provided that a full acknowledgement is made to the original publication in the journal. As a result, you should not require direct permission from Oxford University Press to reuse or adapt your article. However, your article content must not be re-used under a Creative Commons or any other Open Access license allowing onward use.

For full details of our publication and rights policy please see the attached link to our website:

To Whom It May Concern:

I am a corresponding author of the article entitled "Old but not obsolete: an enhanced high-speed immunoblot" published in Journal of Biochemistry (<https://doi.org/10.1093/jb/mvaa016>). We got an invitation from JOVE to submit an article and would like to reuse our own data (4 figures) with modification. I would greatly appreciate if you could provide how to proceed.

I am looking forward to hearing from you soon.

Sincerely yours,

Hiro Katagiri
