Dear Dr. Jaydev Upponi,

We respectfully submit a revised version of our manuscript "A modified protocol for MS2-affinity purification coupled with RNA sequencing in Gram-positive bacteria" for which the reviews were sent back to us on July 13rd, 2020.

We have addressed every comment raised by you and the reviewers. We believe the revised manuscript has improved tremendously from these comments. We hope the revised version of our manuscript is responding to the standards of JoVE.

If you have any questions, please do not hesitate to contact me directly.

Yours sincerely,

David Lalaouna
