

This document certifies that the manuscript

Studying TGF-beta signaling and TGF-beta-induced epithelial-to-mesenchymal transition in breast cancer cells

prepared by the authors

Jing Zhang, Midory Thorikay, Gerard van der Zon, Maarten van Dinther and Peter ten Dijke

was edited for proper English language, grammar, punctuation, spelling, and overall style by one or more of the highly qualified native English speaking editors at SNAS.

This certificate was issued on **September 30, 2020** and may be verified on the [SNAS website](#) using the verification code **AFD3-5FAA-OA02-B93D-BEDA**.

Neither the research content nor the authors' intentions were altered in any way during the editing process. Documents receiving this certification should be English-ready for publication; however, the author has the ability to accept or reject our suggestions and changes. To verify the final

SNAS edited version, please visit our verification page at secure.authorservices.springernature.com/certificate/verify.

If you have any questions or concerns about this edited document, please contact SNAS at support@as.springernature.com.
