

December 30, 2020

Dear Editor,

It is our pleasure to submit the manuscript “Applying cell migration and adhesion assays in *Leishmania*-host cell interaction” in JOVE. This manuscript was written by Yasmin S. Luz, Amanda A. D. Rebouças, Carla Polyana O. S. Bernardes, Thaíla S. da Silva, Claudia I. Brodskyn, Patricia S. T. Veras and Juliana P. B. de Menezes from Laboratory of Host-Parasite Interaction and Epidemiology at IGM/FIOCRUZ in Bahia, Brazil, and is being submitted for publication consideration.

Due to COVID pandemia, we have limited access to our laboratory. Thus, we will send the video later, as agreed.
