Dear Nandini,

As you are an author of the original work, you need no further permission to use the publication's contents in new written works created by yourself.

Kind Regards,

Leslie

Hello

I am preparing a manuscript for the Journal of Visualized Experiments (JovE), describing a protocol that I first outlined in my paper published in Nature Chemical Biology:

Mani, N., Jiang, S., Neary, A.E. et al. Differential regulation of single microtubules and bundles by a three-protein module. Nat Chem Biol 17, 964–974 (2021). I would like to reproduce Supplementary Video 2 from the Nature Chemical Biology paper in the JoVE manuscript. Please let me know if I need copyright permission from Springer Nature for the reuse, and how I may obtain this permission.

Thank you

Best regards

Nandini
