

VIDEO AND PUBLICITY CONSENT RELEASE

Video Title (Working Title): High-Throughput Screening of L-Lactic Acid-Hyperproducing *Bacillus coagulans* Mutants Using an Automated Droplet Microfluidic Platform

Contributors: Xin Da

Filming Date(s): TBD

Filming Location(s): Yingshi Building, Tsinghua University, Beijing

Producer: JoVE

The undersigned Contributor grants to the Producer, its agents, employees, licensees, and successors in interest (collectively, the "Released Party") all ownership rights and the absolute and irrevocable right and permission to copyright, use, and publish the Video. This includes, without limitation, the recorded name, likeness, image, voice, sound effects, interviews, and performance of the Contributor (the "Recording"). The Producer reserves the right to edit the Recording and retains final editorial, artistic, and technical control over the Video and its content.

The Producer may use, and authorize others to use, the Video or any portion thereof, in all markets, formats, and media—whether now known or later developed—worldwide, and in perpetuity.

The Video may be copyrighted, used, and/or published either individually or in conjunction with other photography, video works, or recordings, and in any medium (including, without limitation, print publications, public broadcast, and digital formats such as CD-ROM). It may be used for any lawful purpose, including, but not limited to, trade, exhibition, illustration, promotion, publicity, advertising, and electronic publication.

The undersigned represents and warrants that: (i). No other party holds rights to the Contributor's image or voice related to this Video; (ii). No additional authorization is required for the permissions granted herein; (iii). The individuals listed as Contributors are the sole contributors to the Video; (iv). If any Contributor-provided materials are used in the production, such use will not violate any third-party rights (including patent, trademark, or intellectual property); (v). that it has and will continue to comply with all government, institutional and other regulations, including, without limitation all institutional, laboratory, hospital, ethical, human and animal treatment, privacy, and all other rules, regulations, laws, procedures or guidelines, applicable to the Video, and that all research involving human and animal subjects has been approved by the Contributor's relevant institutional review board.

The undersigned further grants JoVE permission to use its name, likeness, and any content prepared or provided by the undersigned or its agents (including video, images, audio recordings, and digital media), in connection with JoVE-sponsored programs. Such use may include illustrations, exhibitions, reprints, advertisements, and promotional or educational materials in any medium, including the Internet. The undersigned acknowledges that no compensation will be provided for this usage and releases JoVE and its representatives from any claims arising out of such use.
