

HOW TO JOVE IT

USER IMPLEMENTATION GUIDE

IN THE LAB

Quickly onboard new students and lab techs by training them with video protocols

IN THE CLASSROOM

Use videos to supplement your lectures by giving your students an insider's look at complex lab techniques

AT A CONFERENCE

Incorporate video into your presentation, or play video on your tablet to bring the methods in your poster to life

BEFORE LAB

Save precious lab time by assigning a video pre-lab so students are able to take complete advantage of limited bench time

AT LAB MEETINGS

Enhance group discussions of complex techniques with videos that explain the intricacies of scientific methods

ON THE GO

MOBILE APP-COMING SOON!

Watch videos on your lunch break, sitting on the couch, commuting to work- anywhere!
