Abstract

Bio-Plex® overview with TGF-β mention

Find the perfect immunoassay for your research with Bio-Rad's ever-expanding Bio-Plex Pro™ assays. You can design your own assay online or choose from pre-made singleplex and multiplex kits, including our new TGFβ, rat and mouse cytokines, and rat diabetes assays.

Our Bio-Plex Pro™ TGF-β assays allow you to analyze a specific analyte or all three TGF-b isoforms in human, mouse or rat models. These sensitive kits will give you reproducible results across a range of matrices, including serum, plasma, urine, or milk.
