## Materials

| Name                                                                                       | Company                                 | Catalog Number | Comments |
|--------------------------------------------------------------------------------------------|-----------------------------------------|----------------|----------|
| Dulbecco's Modified Eagle Medium (DMEM)                                                    | GE Healthcare Life Sciences/<br>Hyclone | SH3002.2FS     |          |
| Fetal bovine serum                                                                         | GE Healthcare Life Sciences/<br>Hyclone | SH30071        |          |
| Penicillin/Streptomycin                                                                    | MP Biomedicals                          | MP091670049    |          |
| PolyJet                                                                                    | SignaGen Laboratories                   | SL100688       |          |
| Protease inhibitor cocktail                                                                | Roche                                   | 11836153001    |          |
| STREP-Tactin Superflow                                                                     | IBA Lifesciences                        | 2-1208-010     |          |
| STREP-tag elution buffer                                                                   | IBA Lifesciences                        | 2-1000-025     |          |
| EZview Red ANTI-FLAG M2 Affinity Gel                                                       | Sigma-Aldrich                           | F2426          |          |
| Corning 100 mm × 20 mm style dish cell culture treated nonpyrogenic polystyrene 20/ sleeve | Corning                                 | 430167         |          |
| Protein Lo-Bind Eppendorf                                                                  | Eppendorf                               | 022431081      |          |
| Digital Vortex Mixer                                                                       | Fisher Scientific                       | 02-215-370     |          |
| 48 hole micro tube foam rack                                                               | Fisher Scientific                       | 02-215-386     |          |
| Labquake shaker rotisserie                                                                 | Thermo                                  | 415110         |          |
