## Materials

| Name                               | Company                        | Catalog Number | Comments                               |
|------------------------------------|--------------------------------|----------------|----------------------------------------|
| SphygmoCor tonometry-based device  | AtCor Medical, Australia       |                | For central blood pressures and cf-PWV |
| Electrodes                         | AtCor Medical, Australia       |                | To record the ECG                      |
| Semiautomatic Oscillometric device | OMRON Healthcare, kyoto, Japan |                | To measure brachial BP                 |
